User Stories

- **User Story 1**

  As a new user I want a brief tutorial to get me started so that I don't waste a lot of time trying to figure out how to play.

- **User Story 2**

  As a more experienced player, I want the gameplay to feel more realistic by introducing weather so it affects the gameplay depending on the current weather.

- **User Story 3**

  As a user I want the transition between turns to be faster and smoother so that the game feels more enjoyable to play.
